Introduction

About Best Care EAP—We've Been Delivering Value for Over 40 Years

If you're unfamiliar with Best Care EAP (Employee Assistance Program), we are based in Omaha, NE and a provider of national, comprehensive employee assistance (EAP) services. For over four decades, we've partnered with employers to maximize the wellbeing, safety and productivity of the workplace. If you'd like to learn more about our offerings, please give us a call or visit our website at www.BestCareEAP.org. Best Care EAP is an investment that can result in significant savings for your organization.

One-Hour or Less Trainings

This catalog primarily features a comprehensive listing of our very popular one-hour or less trainings. These trainings can be facilitated in person at your work site (within a limited radius—call us for more information) or presented via live webinars. One-hour or less training topics fall within three categories:

- Leadership and Management
- Health and Wellbeing
- Workplace and Career

What Are Your Goals?

We encourage you to look through our training offerings to see what might fit your organizational development goals. Best Care EAP is here to support your training and development initiatives and can help you map out a plan if you need a place to start. Our Best Care professional trainers are available to discuss professional and personal skills development training on a wide variety of topics relevant and essential to wellbeing and success.

Additional Trainings

Also included in this catalog are high-level descriptions of our full-day and multi-day trainings. If you see a topic that interests you, we invite you to call us to talk through the details. In addition, we also have the ability to develop a completely customized training program to fit your organization's needs. Just give us a call to discuss!

About Our Trainers

Best Care Consultants/Trainers have a vast knowledge base spanning from human resources, organizational development, industrial/organizational psychology, education, talent development and recruiting. We use evidence-based practices when developing our curriculum, which then go through rigorous preparation steps before being presented. Our professional development opportunities provide participants the chance to build on their existing skills and enhance the attributes which they've had all along, all in a collaborative educational setting.

Top Notch Learning

Best Care stands behind every training program and believes you deserve nothing but the best presentation possible. Our trainings employ interactive learning methods and offer relevant work-life examples. Every Best Care EAP training program is developed in-house and cannot be found anywhere else. It's just one of the reasons our training and development curriculum is in high demand.
